EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

(1.) The following is an examiner's statement of reasons for allowance: As persuasively argued by applicants on pages 9 and 10 in the REMARKS section of the amendment filed on July 7, 2005, the prior art fails to teach or fairly suggest the recited dust collecting apparatus with the recited ionizer to electrically charge dust particles and the recited metal filter of opposite polarity to that of the charged dust particles to electrically collect the particles and having a plurality of metal fibers with gaps sufficiently narrow therebetween to collect the particles by mechanical force.

Any comments considered necessary by applicants must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
